Signature  
STYLING

Shoppertron is the proven leader in refrigerated, cold food merchandising.

- Automatic electronic health control and tamper check mode. Maintains freshness and taste while preventing food from being sold should the cabinet temperature ever rise above 45°F.
- Variable size food compartments. Handles all sizes of food products providing the largest selection available.
- Can be stocked with salads, sandwiches, snacks, dairy products, fruit, soft drinks. You'll enjoy the widest choice of products all from the same cold food merchandiser.
- Food carousel redesign allows for bottles up to 20 oz. size to be vended. Shoppertron satisfies the new trend for larger drink sizes.
- Exclusive "Prefer Max" function automatically returns the food drum to the view with the most product for sale. Showing the "fullest section" speeds the selection and buying process.
- Available in Black Pica Style®, Signature Style, and Millennia Style. The style that best suits the location; with a style choice.
